

supporting partnerships in education

70th Annual Report 2017-2018

Connect is a trading name of Scottish Parent Teacher Council
Mansfield Traquair Centre, Edinburgh EH3 6BB

t: 0131 474 6199 e: info@connect.scot  **ConnectScot**  **@connect_scot**

The Scottish Parent Teacher Council is a Company Limited by Guarantee, Company No SC151086, Scottish Charity No SC019168

Connect's Mission and Values

Connect's mission is to support the development and maintenance of high quality parental engagement in children's learning and school lives. We will achieve this by:

- **sustaining Connect** as a robust, parent-led, independent membership organisation with a focus on research and evidence-based development.
- **working with parents and carers** to build their confidence, knowledge and skills so they feel able to engage in the way they wish, with their child's school and wider education services.
- **working in partnership** with organisations and individuals in the educational and wider Scottish community, to build awareness of and engagement with parental involvement and its benefits for children, families and communities.

Our Values

We are a membership organisation committed to treating all Members and stakeholders with **respect, honesty and integrity**.

- The Directors and staff work tirelessly and passionately to create productive, creative partnerships which support **positive educational outcomes for all young people**.
- We engage with our employees respectfully and flexibly, supporting their learning and progression and **encouraging their enthusiastic involvement** in the development of the organisation.
- We support parents and carers to be **involved in the way that is right for them**: with their own child's learning; the local school; local authority or at national policy level.
- We are committed to **equality and dignity** for all parents, carers and children.
- We utilise **evidence and research** to advance our work and to support policy and practice.

Convenor's Report

A very warm welcome to the report of our 70th year. We continued to grow and diversify, while keeping firmly focused on our purpose as a charity – supporting effective family engagement in learning. Our AGM in 2018 was a very special event: we looked back at our first 70 years, launched our new Connect brand and website and looked forward to an exciting year. We hope you enjoy reading about it all!

Our Projects

Partnership Schools Scotland

2017-2018 was the third year of the Partnership Schools Scotland (PSS) programme with funding and support from Skills Development Scotland. Using the model of school, family and community partnership, we saw how it was making a difference to schools as more and different families become engaged with children's learning. There was also evidence of parents becoming an important part of improvement in schools.

In 2017-2018, we expanded the programme to eight local authorities to include Fife, Stirling and North Ayrshire and 30 schools in total. When teams struggled, we supported them to find a way forward to re-join the programme in the future.

We redrafted the Evaluation Toolkit for the teams to use in their planning and evaluation. In the coming year, we will run online and face-to-face sessions to support teams to use the Toolkit effectively. The evaluation team at Skills Development Scotland visited three Partnership Schools to find out how the model had worked and whether it was making a difference to parental engagement and outcomes for children.

We were delighted to begin working in partnership with the Family Learning Team in North Ayrshire, introducing the PSS model into twelve primary and secondary schools in the coming year.

We also started discussions with Early Years Scotland to involve early years settings in Glasgow in Partnership Schools, with the aim of rolling the programme out to early years settings in other participating authorities.

The Reference Group continued to provide great support and advice to the PSS team. The group is a mix of representatives from across education, schools, universities, early years, government and third sector organisations and comes together twice a year to review the work of the programme. The Group also discussed the impact of education reforms on family engagement and heard about the challenges and learning opportunities from the programme.

We were delighted to have our submission included in the National Network of Partnership Schools 2018 publication *Promising Partnership Practices*. We detailed the work of the PSS team at Maisondieu Primary in Angus and their three-year strategy to raise awareness of mental well-being and to equip parents/carers and staff to support themselves and

children. Their work was also recognised and celebrated during the visit of John Swinney MSP, Deputy First Minister and Cabinet Secretary for Education and Skills in January 2018. Mr Swinney heard how parents are now part of decision-making and the school's improvement planning process.

Finally, we redesigned our Information Session *Helping to Support your School* which we offer to our Member Parent Councils; this session presents a condensed version of the PSS model to help parent groups work in partnership with their school to set goals connected to their School Improvement Plan.

Our Projects *continued*

Professional Learning Courses

During 2017-2018, we consolidated the success of our two-part *Engaging Families in Children's Education* module which is endorsed by Scottish College for Educational Leadership (SCEL), the body which provides school staff with opportunities for high quality leadership development. We also introduced our second professional learning module, *Family Engagement for Improvement*.

Our professional learning programme supports professionals in understanding better the 'why' and the 'how' of effective parental and family engagement in children's learning and school lives.

Our professional learning has been very well received, with 95% of participants rating nine different aspects of the courses as 8 or above (with the highest rating being 10.) Courses were delivered to 99 educators.

Feedback from Professional Learning

'I enjoyed the discussions and sharing of ideas'

'The materials were high quality'

'The range and scope of ideas for engaging parents was great'

'Excellent ideas and discussions'

'Very useful handouts'

'I thoroughly enjoyed the selection of activities, the pace of the sessions and the content'

'A really useful and worthwhile course'

Membership & Member Services

Our membership offer remains popular and greatly appreciated. Members continue to put their queries to us on a host of topics via our telephone helpline, through Facebook and by email.

Launched in February 2018, our new website hosts our wide range of leaflets and resources which are always popular with Members. Website registration is required to access some of these and we encourage Members to register. This is open to all parents at Member Parent Forums. Leaflets and resources are regularly refreshed and added to, in response to Members' needs and changing policy landscapes. A selection of these is taken to our Information and Training Sessions and are highly sought after at these events!

We continue to build on the range of popular Information and Training Sessions available to our Members. During the year, we delivered 87 sessions in total, with 50 face-to-face sessions in 17 local authority areas (up two) to 615 attendees. We also hosted 37 online sessions on eight topics, including new sessions on anti-bullying behaviour with respectme, Scotland's anti-bullying service, to 209 attendees.

	1 Star	2 Star	3 Star	4 Star	Grand Total	2016 to 2017

Feedback from Information & Training Sessions

'It was good to share knowledge and meet new people who are also Chairs'

'Very friendly and accessible'

'Lots of information and good advice'

'A lot of the information presented was very helpful'

'Very informative and lots to take away'

'I enjoyed the open discussions with Parent Councils, sharing ideas and supporting one another'

Communications

Communicating with parents/carers and with parent groups is a crucial part of what we do, so that parents are informed and have access to the support and information they need to engage with their children's learning and school lives.

We communicate via our

- monthly eNewsletters
- termly Backchat newsletter
- Facebook pages
- Twitter
- annual Members' leaflet
- Information and Training sessions
- Parents' Voice surveys
- snap surveys.

In 2017-2018, we ran six online surveys: families experiencing poverty; anti-bullying behaviour with respectme, Scotland's anti-bullying service; the Education Bill; amendments to the PVG scheme; fair funding in schools; and Primary 1 Scottish National Standardised Assessments. Reports on all our surveys are published on the website and are used for campaigns and policy positions.

Our social media platforms grew in popularity - Twitter is popular with educators and organisations involved in children's lives; Facebook

remains an important platform for parents to share our informative posts and is increasingly used to contact us directly.

From SPTC to Connect

In the months prior to the relaunch and rebrand of SPTC as Connect, on 8 February 2018, much communications work related to the new website

www.connect.scot and to rebranding all the leaflets and Member materials with our fresh new logo and motif. We also wrote a new Connect Manifesto. The rebrand and relaunch went very well, with positive comments about the clean new look and easy-to-navigate website.

70th Anniversary, AGM & Annual Lecture

In February 2018, we celebrated our 70th anniversary at the Royal Society of Edinburgh's lovely rooms on the evening of our AGM and Annual Lecture. Parent Members, education partners, sponsors, former and current Directors and staff enjoyed a celebratory evening, with an exhibition of SPTC memorabilia and a 5 metre-long timeline of achievements and notable events.

Connect Directors in 2017 (with Executive Director Eileen Prior, right)

Partnership Officer Eleanor Coner, who volunteered with SPTC for many years before joining the staff team, was instrumental in sifting through the archives for a rich and inspiring exhibition.

Press and Publicity

The 70th Anniversary and the rebrand created opportunities to generate publicity for both Connect and parental engagement in education. Our surveys on families experiencing poverty and the impact of this on children's school lives, on anti-bullying behaviour, on school travel and on the P1 so-called 'national tests' in particular generated significant press interest and publicity.

connect

supporting partnerships in education

Policy

Our membership services and our projects are two parts of our work: the third is our involvement in policy, taking the perspectives of parents to Government, Parliament, local authorities and the very many organisations and bodies involved with education in Scotland. From our extensive experience in working with families, we know there is no one view: different parents have different priorities and attitudes. This is one of the reasons schools find it difficult to work in partnership with families.

So we never claim to represent parents – what we try to do is make sure that the perspectives of parents are heard and considered.

Our Board members (mostly parents nominated by our Connect Member groups) and the very many parents we work with and hear from all help to shape the comments we make and the feedback we give.

Parents' Voice

connect
supporting partnerships in education

Scottish Government consultations we took part in during 2017-18 included:

- Excellence and Equity for All: Guidance on the Presumption of Mainstreaming
- Empowering Schools: A consultation on the provisions of the Education (Scotland) Bill
- Early Learning and Childcare Service Model for 2020
- Protection of Vulnerable Groups and the Disclosure of Criminal Information
- Supporting Disabled Children, Young People and their Families.

We also submitted evidence to the following parliamentary enquiries:

- The Economy, Energy and Fair Work Committee's inquiry on Bank closures: impact on local businesses, consumers and the Scottish economy
- The Education and Skills Committee's inquiry on attainment and achievement of school-aged children experiencing poverty. Executive Director Eileen Prior also gave verbal evidence before the Committee on this subject.

connect

Our staff team and board members are invited to take part in a wide range of consultation events and reference or advisory groups. During 2017-18 these included:

- The Scottish Government's Year of Young People Education Theme Stakeholders Group
- GTCS Professional Learning Steering Group
- The Scottish Government's Research Strategy for Scottish Education Academic Reference Group
- The Scottish Government's Recording and Monitoring Bullying Incidents in Schools Working Group
- Transport Scotland's Seatbelts on School Transport Guidance Working Group
- Education Scotland and Care Inspectorate's Shared Inspection Framework External Reference Group
- The Scottish Government's Parental Engagement (in learning) Steering Group

- The Cabinet Secretary for Education and Skills Education Leaders Forum.

Eileen Prior met with individual members of the Scottish Parliament Education and Skills Committee to give them an update on Connect's rebrand and manifesto. She also met with the leads of the six Regional Improvement Collaboratives to discuss what they are doing to encourage family engagement in education.

In addition to formal consultation from Government, Parliament and a range of other bodies, we are regularly asked to comment on many documents and proposals relating to education. We worked with different organisations on diverse topics:

- GLOW
- Scottish National Standardised Assessment
- Anti-bullying with respectme
- Cross Party Group on Children and Young People (Parliament)
- Cross Party Group on Race Equality (Parliament)
- Youth Awards.

We also attended and spoke at a range of conferences and workshops, including:

- Scottish Credit and Qualifications Framework (SCQF) Forum
- Association of Headteachers and Deputies in Scotland (AHDS) annual conference
- Watsons College Education Forum
- Awards Aware Parliamentary reception
- Boys to Men conference
- National Parent Forum of Scotland (NPFS) Annual Conference
- Scottish Education Awards
- Poverty and Inequality Commission's Public Meeting
- NHS Health Scotland's Facing Up to Child Poverty Practice Network.

Our Executive Director, Eileen Prior, is a member of the Scottish Qualifications Authority (SQA) Advisory Council and participates regularly in these round-table events.

Staff

This was a busy year for all of our team. As part of our HR review, all staff contracts, policies and job descriptions were reviewed and revised, and a new staffing structure was introduced.

Changes to our staff team included: Sara McFarlane as Executive Assistant, a new post to support our Executive Director and office team; Communications Officer Seonaid Heeps moved to a new role and we appointed freelance communications consultant Tina Woolnough on a rolling contract. Our Regional Advisor team developed and changed too.

Our Memberships

Connect as an organisation, and individual members of the team, are members of a number of organisations for the benefit of our Member parents and the charity. These include:

- **Scottish Council for Voluntary Organisations**
- **National Network of Partnership Schools**
- **Scottish Child Law Centre**
- **Royal Society for the Encouragement of the Arts, Manufacture and Commerce**
- **Association of Chief Officers of Scottish Voluntary Organisations**
- **Children in Scotland.**

In conclusion

Our 70th Anniversary year proved to be a very busy and significant one for our charity and for the wider world of Scottish education.

Our decision to re-brand to Connect (which has become our trading name) was a very significant one. The point was to move away from our full name or the acronym SPTC, because we felt they said little about our purpose or focus – and in fact often led to confusion. While Connect doesn't say what we do, it gives the message that we are about connecting people for the benefit of children: parents and families; staff and pupils in early years or school; and the much wider community round about.

The saying 'it takes a village to raise a child' is one we absolutely subscribe to: if we do this right, a child will feel supported, loved and respected at home, in formal education and in their community. That doesn't just happen – we have to work at it – but when it is in place, the child or young person experiences a supportive network for their emotional, social and learning needs.

As we continue to grow our activity in the sphere of professional learning around parental engagement, we also ready ourselves for the implementation of the Government's various national education priorities, which will see empowerment of school communities, parents and families.

We see our work with parents and families, as well as with professionals and school communities, as central to this. We continue to expand and learn from our Partnership Schools programme (part-funded by Skills Development Scotland) and that experience, combined with our growing expertise in professional learning, gives us unique insight and skills in this area.

Connect continues to grow and diversify, but our purpose – our North Star – remains the matter of supporting effective parental engagement. We are entirely committed to that cause and working in every way we can to make it a reality.
